

# Petromen International Electromechanical Contracting L.L.C.

Continuing the legacy, experience, and operational strength of the former PetromenGroup of Compan

# Corporate Overview

Petromen International Electromechanical Contracting L.L.C. is a UAE-based engineering and contracting company established in 2010, continuing the legacy, experience, and operational strength of the former Petromen Group of Companies. While the previous entity has been formally closed as part of a strategic restructuring, the new company has been established to carry forward the same expertise, workforce knowledge, project experience, and commitment to excellence under an upgraded corporate identity and expanded electromechanical focus.

This continuity ensures that Petromen International Electromechanical Contracting L.L.C. retains its proven track record, long-standing client relationships, and industry reputation, while aligning with modern market requirements, regulatory frameworks, and future-ready engineering solutions.

## Year of Establishment

2010

## Legal Status

Limited Liability Company (L.L.C.) – UAE

## Continuity

Business operations, experience, resources,

and project portfolio are a direct continuation of the former Petromen entity

**Petromen International Electromechanical Contracting L.L.C. has been formed to strengthen corporate governance, enhance service specialization, and support long-term growth, while preserving the technical and operational heritage built since 2010.**

# Vision & Mission

## VISION

To become a recognized and trusted Electromechanical Engineering, Procurement, Construction, Testing, Commissioning, and Maintenance company in the Middle East.

Delivering innovative, safe, and sustainable solutions across energy and infrastructure sectors.

## MISSION

To successfully deliver every project:

- In full compliance with HSE and regulatory requirements
- With the highest standards of quality and engineering excellence
- On time and within budget
- With complete customer satisfaction through an integrated and professional execution approach

# Core Values

---

---

## Commitment

We are dedicated to our clients, partners, and stakeholders.

Ensuring reliability, transparency, and long-term relationships.

## Ethics & Integrity

We uphold the highest ethical standards, conducting

business responsibly and fairly in all environments.

## Quality Excellence

Quality is embedded in every phase of our operations, from

engineering and procurement to construction and commissioning.

## Safety First

We believe every incident is preventable. Safety is our most

important value, supported by an Incident & Injury Free (IIF) culture and stop-work authority for all employees.

# Health, Safety & Environment (HSE)

Petromen International Electromechanical Contracting L.L.C. is fully committed to protecting people, assets, and the environment. Our HSE Management System aligns with UAE regulations, ADNOC standards, and international best practices.

## KEY HSE COMMITMENTS INCLUDE:

- Compliance with all applicable laws, regulations, and client requirements
- Proactive hazard identification and risk mitigation
- Continuous HSE training and competency development
- Environmental protection and pollution prevention
- Emergency preparedness and incident prevention
- Continuous monitoring, auditing, and improvement

**All subcontractors and suppliers are required to comply with our HSE policies and procedures.**

# Scope of Services

We provide complete **EPC solutions** including detailed engineering, procurement of materials and equipment, construction, testing, commissioning, and handover of fully operational facilities.

## CIVIL ENGINEERING

- Earthworks, piling, and foundations
- Excavation, retaining, and drainage works
- Structural steelwork, structures, and piping
- Road works, leveling, and drainage
- Industrial fencing and padlocks
- Fit-out works

- Wethead pads, berms, burn pits, and sump pits

## ELECTRICAL & POWER SYSTEMS

- Electrical design and drawings
- Cable management, earthing, and lighting
- Instrumentation and control systems

## PIPELINE & PIPING WORKS

- Pipeline design and drawings
- Piping design and drawings
- Piping installation, welding, and inspection
- Piping NDT, PWHT, painting, and insulation

## MECHANICAL WORKS

- Mechanical design and drawings
- Equipment installation, testing, and commissioning
- Commissioning assistance and startup support

## CONTROL & INSTRUMENTATION (C&I)

- Instrumentation design and drawings
- Field instrumentation and industrial drives

## STRUCTURAL WORKS

- Fabrication and erection of steel structures
- Steel structures for spool supports
- Onshore and industrial steel structures

# Additional Services & Markets

---

## TELECOMMUNICATIONS & LOW CURRENT SYSTEMS

- Industrial and office networks
- CCTV systems
- A/GA, industrial telephone, and data networks

## MEP WORKS

- Electrical, plumbing, heating, and HVAC systems
- Integrated MEP solutions for industrial and commercial projects

## INDUSTRIAL WATERWORKS

- Electrical control systems
- Chillers, heat exchangers, storage tanks
- HVAC controls integrated with BMS and fire alarm systems

## SUBSTATION MAINTENANCE & REPAIRS

- High voltage equipment
- Data management and maintenance planning

## LED & SOLAR ENERGY SOLUTIONS

- LED lighting systems
- Lighting solutions for industrial and infrastructure projects
- Maintenance of solar-powered facilities

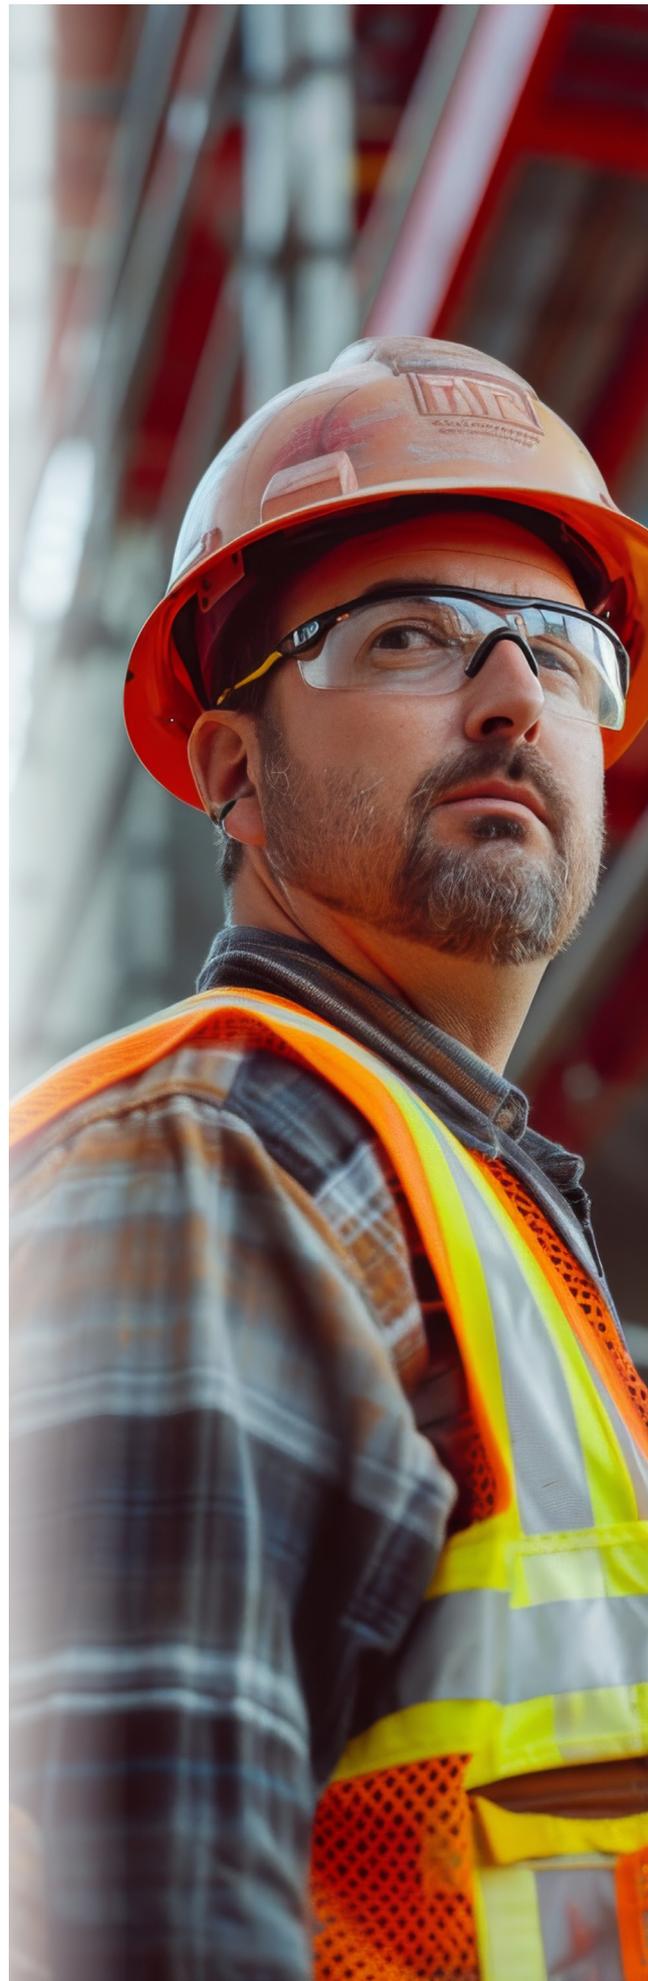

## EQUIPMENT TRANSPORT SERVICES

- Heavy lifting and moving equipment
- ADNOC-approved CMA and CICPA access support

# Markets Served

- Oil & Gas (Onshore and Offshore)
- Refineries & Petrochemical Plants
- Power Generation & Utilities
- Fertilizer & Process Industries
- Industrial Facilities
- Infrastructure & Development Projects
- Commercial & Mixed-Use Developments

# Project Experience & Track Record

Petromen International Electromechanical Contracting L.L.C. carries forward a strong and proven project portfolio executed since 2010 under the Petromen legacy. The following projects demonstrate our continuity, technical capability, and successful delivery across major ADNOC group companies and EPC contractors.

---

## SELECTED COMPLETED PROJECTS

1.

### Shah Gas Development Project – Asab / Shah Gas Field

**Client:** DESCON Engineering

**Scope:** Fabrication of CS & SS piping including cutting, beveling, fit-up, welding, pipe supports, erection, and associated mechanical works.

2.

### Takreer / Daewoo Refinery Expansion – Ruwais

**Client:** DESCON Engineering / Daewoo E&C

**Scope:** Fabrication and erection of CS & SS piping, installation of pipe supports, hydrotesting, and pre-commissioning assistance.

3.

### Borouge P3A Project – Ruwais

**Client:** DESCON Engineering

**Scope:** Fabrication and erection of piping, pipe supports, and steel structures.

4.

### IPIC / Takreer Ruwais Refinery Pipeline Works

**Client:** IPIC / Al Ashfaq Contracting

**Scope:** Pipeline construction, MOV & PCV installation, hot tapping, skid installation, shutdown works, de-oiling, and commissioning assistance.

5.

### ADGAS DAS Island – OAG Warranty Works

**Client:** Prezioso Emdad / Technip France

**Scope:** Mechanical works, valve refurbishment, cable tray replacement, painting, scaffolding, and sheeting works.

6.

### Green Diesel Plant – Heat Exchanger Maintenance

**Client:** GS Engineering & Construction

**Location:** Takreer Refinery, Ruwais

# Selected Proposed Projects

<b>NO</b>	<b>Project Name</b>	<b>Client / EPC</b>	<b>Location</b>	<b>Scope of work</b>
<b>1.</b>	<b>ASAB Oil Field – Units 6 &amp; 7</b>	<b>ADCO / CPECC</b>	<b>Abu Dhabi</b>	<b>Piping fabrication &amp; erection, GRE/ GRP fabrication and installation, electrical and instrumentation cabling, field installation and terminations</b>
<b>2.</b>	<b>Ruwais Refinery – Gasoline Plant Shutdown</b>	<b>Takreer / DESCON Engineering</b>	<b>Ruwais Refinery</b>	<b>Shutdown planning, site establishment, technical manpower, and execution support</b>
<b>3.</b>	<b>Shamkha Project</b>	<b>ADMA-OPCO / Petrofac</b>	<b>Abu Dhabi</b>	<b>Piping fabrication and erection, steel structure assembly, skid module installation, hydrotesting, pre-commissioning, and commissioning works</b>
<b>4.</b>	<b>Group III Base Oil Production Facilities Project</b>	<b>Hyundai Engineering Co. Ltd.</b>	<b>Abu Dhabi</b>	<b>Technical services for piping fabrication, erection, hydrotesting, and pre-commissioning works</b>

## KEY CLIENTS & EPC PARTNERS

### **ADNOC Group**

ADCO, ADMA-OPCO, GASCO, TAKEER, BOROUGE

### **International EPC Contractors**

DESCON Engineering, Daewoo Engineering & Construction, GS Engineering & Construction, Samsung Engineering, Hyundai Engineering, Petrofac, Technip, CPECC
